

JUDGE ALTON B. PARKER WILL LEAD DEMOCRATIC HOSTS

New York Man Was Nominated
at 5:30 A. M.

Democratic Convention Was the Most
Picturesque in Country's History.

DELEGATES RECONVENED AT 2 P. M.

St. Louis, July 8.—Amid a scene unparalleled in national convention history, the Democrats at 5:10 this morning nominated Judge Alton B. Parker, of New York, for president. It had been a night of impassioned oratory, taunting invective and fervid pleas for harmony.

The climax of the night of sectionalism came at 4 o'clock this morning when, after eight hours of noisy clamor, Wm. Jennings Bryan in the midst of absolute silence, began his speech in which he seconded the nomination of Senator Cockrell of Missouri.

Bryan made a fine speech and was frequently applauded.

Then the roll call was ordered. Judge Parker lacked nine votes

is no telling who he will be.

HOW THE VOTE STOOD.

St. Louis, Mo., July 9.—The vote received by each candidate for president was as follows: Parker 658, Hearst 204, Cockrell 42, Olney 38, Wall 35, Gray 11, McClellan 3, Miles 3, Williams 3, Towne 2, Gorman 2, Coker 1, Patterson 1.

Nebraska did not give a vote to Parker. Her 16 votes were cast among the other candidates carrying out the statement of Bryan that Nebraska was for any one except Judge Parker.

BRYAN WAS EXHAUSTED.

St. Louis, July 9.—W. J. Bryan left the coliseum a few minutes before Parker's nomination was made. He

when the roll called ended, but before the vote was announced Idaho changed six votes to Parker and Nevada followed with two.

Parker then lacked but one vote and West Virginia gave him 1 and Washington 10, making a total of 689.

Before this could be announced Governor Dockery, of Missouri, withdrew Senator Cockrell's name and moved that Parker's nomination be made unanimous.

This was done with a yell and a demonstration was started.

Everybody was too tired, however, to effect very much of an ovation, and a motion to adjourn until 2 o'clock p. m. was greeted by a howl of affirmation.

This afternoon a candidate for vice president will be nominated and there

was a host exhausted and walked to the hotel, two blocks away, supported by his brother Charles. As he fell upon the bed his eyes closed. Bryan made this statement to your representative "as the end of the roll call approached. I saw that Parker was near enough the nomination to win on the first ballot. Then I left the hall to get a much needed rest. I had not slept any in 50 hours." Mr. Bryan said no more, and it seemed as if he had actually fallen asleep while giving the statement.

MR. BRYAN WAS ANGRY.

St. Louis, July 9.—The committee on resolutions, after a continuous session of 18 hours, completed its work on the platform and adopted a unanimous report, which the chairman, Senator Daniel, was instructed

THE STORY BY BULLETIN

8:15—Greatest crowd of the week. Senator Daniels can't be heard for noise.

8:57—Reading of platform finished and motion to adopt carried.

9—Alabama yields to New York and Littleton makes speech nominating Judge Parker.

9:30—Littleton has finished. Great tumult over Parker's name.

9:31—Procession of states standards about the hall.

9:42—Enthusiasm grows. Hands playing, entire concourse singing.

9:47—Disorder continues. Enthusiasm unequalled.

10:10—Applause has lasted thirty minutes, and band plays "We won't Go Home 'Til Morning." Senator Carmack, of Tennessee, seconds nomination.

10:16—Delmar, of California, nominates W. R. Hearst. Speakers interrupted by cries for "Bryan, McClellan and Hearst."

10:40—Delmar finishes, Illinois waves her banner for Hearst, convention in uproar.

10:41—Procession of states starts, led by California, followed by Rhode Island, Iowa, Minnesota, Washington, Kansas, Hawaii, Wyoming, Arizona and South Dakota.

11:05—Tumult continues, Illinois, New Mexico and Oklahoma have joined in the procession of Hearst states.

11:09—Chairman trying hard to bring convention to order.

11:20—E. J. O'Donnell, of Colorado, seconds Hearst's nomination.

11:30—Cummings, of Connecticut, seconds nomination of Parker.

11:40—Hendy, of Delaware, nominates Judge Gray.

1:54—Enthusiasm for Cockrell

most picturesque demonstration of convention.

2:07—Champ Clark able to resume.

2:30—Patrick A. Collins, of Massachusetts, nominates Richard Olney.

2:36—Cries made for Bryan, and another great ovation tendered him. Nebraska announces she will give way to Wisconsin.

2:42—Rose, of Milwaukee, nominates F. C. Wall. He severely scores the New York delegation and arraigns their candidate. Arkansas interrupts to say the speech is arraignment of the Democratic party, and not in the interest of any candidate. Intense excitement.

2:55—In reply to hooting of New York, Rose replied: "We have heard the cries of the Tiger before."

2:58—Ex-Senator Wm. A. Harris seconds nomination of Cockrell.

3:14—Senator Tillman, of South Carolina, pleads for harmony and seconds Parker's nomination.

3:30—Cole, of North Dakota, nominates John Sharpe Williams, of Mississippi.

3:45—John Sharpe Williams withdraws his name and seconds Parker.

3:50—Wisconsin yields to Nebraska, and Bryan takes the platform, amid wild excitement and applause.

4:12—Bryan, in a strong speech for harmony, says he believes every man's duty to his country is greater than that to his party.

4:30—Bryan speaks a good word for Hearst, Wall and Patterson, and ends by seconding nomination of Cockrell.

4:50—Bryan finished at 4:45 and the ovation given him several times during the session is being repeated the whole assemblage remaining to hear him.

5—Vote on the first ballot begins.

5:30—Including Ohio vote, Parker 437, Hearst 145.

5:37—Parker 653, Hearst 200.

5:40—Parker nominated on the first ballot.

5:43—Motion carried to make nomination unanimous.

5:50—Convention adjourned until 2 p. m.

2:45—Convention met again but took recess until 5:20 p. m.

to present to the convention and move its acceptance without debate. During the deliberations of the committee there were many heated contests between Mr. Bryan and the conservatives, led by John Sharpe Williams, Senator Carmack, Senator Hill and Senator Daniel. The last two were very ebullient in their remarks and Mr. Bryan created a scene by shaking his finger in Hill's face. The spirit of compromise hovered over the body, and the trick that the conservatives had hatched up for Mr. Bryan worked so well that no mention was made of a financial plank, exactly what the conservatives wanted. Mr. Bryan was allowed to have his own way about changing the tariff plank, the alterations being unimportant, and in turn he had to yield his project for an income tax and for reaffirming the Kansas City platform. The platform is acceptable to all factions of the convention, and the leaders are enthusiastic over it.

THE JUDGE STILL SILENT.

Esopus, N. Y., July 9.—Judge Alton B. Parker was notified of his nomination as he was emerging from his house this morning for a plunge in the Hudson. He refused to discuss the nomination, saying he would reserve what he had to say until he is officially notified.

Mr. Thomas Orr and wife and Mr. J. W. Hall started to New York today at noon.

—The American water circuit will show in Paducah Monday, July 18.

SEVEN BLOWN OFF THEBES BRIDGE

Tornado Struck a Crane and
Hurled it to Rocks.

St. Louis Bowler Gets Off With
Two Years After Con-
fessing.

FREEDOM OF MRS. MAYBRIK

St. Louis, July 9.—Yesterday afternoon a tornado struck a traveling crane on the new Thebes, Ill., bridge in course of construction, and blew it 200 feet. On the second arch from the Missouri shore it struck an obstruction and was hurled to the rocks below. Seven men were killed and two fatally injured.

SKIPPER JONES SHOOTS SAM LIEBEL

Well Known Grocer Shot in
Hip With Pistol.

The Trouble Occurred About Two
O'clock Near Tenth and
Adams Streets.

THE INJURY IS SERIOUS

A serious shooting affray occurred this afternoon about 2 o'clock at Tenth and Adams street. Mr. Sam Liebel, the grocer, was shot and seriously wounded by William Jones, a machinist known as "Skipper" Jones. Jones claims self-defense and Liebel says that Jones fired without cause.

Mr. Liebel was riding about in his buggy inspecting some of his property to see if the rain had damaged it, and claims that at Tenth and Adams he turned back and just as he wheeled his horse about saw Jones approaching. Jones, according to Mr. Liebel, began firing at him with a .41 caliber pistol, one ball taking effect in the left hip. Mr. Liebel had no weapon. Jones, he says, fired four shots.

Mr. Liebel was taken to his grocery and saloon at Ninth and Washington streets, and from there to his home on Court street near Seventh. Dr. B. B. Griffith dressed the wound, which is serious, but not necessarily fatal.

Jones was arrested, and at the police station after the shooting stated that he and Liebel had been in a law suit and were not on the best of terms; that they were quarreling when he thought Liebel made a reach for a gun, and it was then that he fired. Jones' plea is self-defense. It is said the ill feeling started over a garnishee.

BOAT BLOWN LOOSE.

The steamer J. B. Richardson, which was just off the marine ways and was laying below the ways, was caught by the wind late yesterday afternoon during the heavy rainstorm and blown past the ways and up to the Langstaff mill boom but not damaged. There was no one aboard except the watchman and some workmen.

FUGITIVE FULLY IDENTIFIED NOW

Tom Tracy is the Man Wanted
in Indiana.

City Marshal Barnes Arrived This
Morning and Recognized Him
at Once.

HELD FOR A REQUISITION

Thomas Tracy, suspected of being wanted in Madison, Ind., for the murder of Frank Sieferman on the night of November, 1903, was this morning positively identified by Marshal Louis Barnes, of Madison, and will be returned tonight by Sheriff Lou Crozier who is now in Frankfort getting requisition papers.

Tracy denied from the outset that he was the right man, but every mark indicated that he was, and the officers refused to release him until some one from Madison could come down to identify him. Marshal Barnes stated this morning that Tracy gave the police a great deal of trouble in Madison and once he had to shoot him in the leg to prevent him killing an officer. An examination this morning showed the scar in the left leg.

Marshal Barnes gave a history of the murder this morning and stated at first that the police thought Tracy was justified, until it was learned he was not married to the woman who caused all the trouble. It seems that Tracy had been living with a woman named Pavy and left home for several weeks. During his absence Sieferman became attentive, and one night came to her house, not knowing that Tracy was in. The woman answered the knock and told Sieferman to watch out as Tracy was in and no sooner had he turned around to leave than Tracy, who had slipped around the house, came up and jabbed a knife through his neck.

The woman swooned away and did not fully recover from the effects of the crime for six months. Tracy made his escape from Madison and was traced to St. Louis and other cities but always managed to elude the police, until cards were sent here and the Paducah police began to work on the case and spotted him.

Tracy had little to say this morning, still stoutly refusing to admit his identity, but Marshal Barnes is sure of the man, having arrested him more than a dozen times and being well acquainted with him.

Sheriff Crozier is expected from Frankfort tonight and when he comes will take Tracy back to Indiana. Judge Sanders ordered the prisoner held until the papers arrive and he was taken to the county jail for safe keeping.

Chief Collins and his men deserve great credit for the hard and successful work they did in the case. They are on the lookout for all kinds of criminals, and an outsider has no idea of what a systematic search is kept at all times for all kinds of fugitives. All the police are daily instructed in every new case, and often have a dozen investigations and searches on the string. It is understood that there is a \$250 reward for Tracy.

WEEKS NEWS IN BUSINESS WORLD

Clearings this week, \$44,700,825

Same week last year, \$16,825,825

The bank clearings this week were the heaviest for many weeks and reflect great activity in banking circles. Tobacco has been moving freely and this stimulated money activity. Tobacco is bringing better prices than for some time, and the tobacco men are feeling better over present conditions and future prospects. However prices are still very low.

Local manufacturers like the Sutherland Medicine company, the Lack Singletree company, and the wood-working plants that book orders in the summer for future shipments, report a big increase in the size of and the number of the orders booked this year over last. This is the condition with nearly every plant in Paducah.

M. Michael & Bro. have ordered plans drawn for a new collar factory, the Lack Singletree Co. has ordered some enlarged buildings and other plants will, probably, do the same. The promoters of the Paducah and Cairo electric road have received no news, good or bad, from New York

capitalists who sent Mr. C. R. Turner here to investigate the prospects of the proposed new road. An answer was promised long before this, but nothing has yet been heard.

Messrs. Ned Woolfolk and Robert McMurtrie have bought the excelsior department of the Clyne mattress factory on South Third and will move it to Third and Ohio. The business in excelsior has increased greatly in Paducah, and the manufacture of it in Paducah is now on a large scale. Paducah formerly got most of its supply from Metropolis, Ill., and there is said to be a great and growing demand for the product.

The insurance adjusters have settled the loss on the Scott Hardware company by paying the total amount between \$30,000 and \$35,000, and will take the damaged stock, which has been disposed of to St. Louis persons, and is estimated to be worth \$10,000. The loss on the fixtures and building has not been settled.

The loss on the Rehkopf Buggy company's stock was settled yesterday afternoon at \$8,434.05.

BASEBALL NOTES.
Freeman is coming back to Paducah. The Nashville Banner says: "Pitcher Freeman, of the Kitty league, who has been on trial for the past ten days with the Fishermen will probably be sent back to the woods, as he has not shown up to the form desired by Fisher. Under the rules of the association a player cannot be 'farm-out' until still the managers let teams have players with an 'honor' string tied to them. Fisher can get Adams, Fricke and Nickens, three youngsters who are playing good ball in the Cotton States league, sent there by Fisher to get a little experience. Fisher has understandings with the managers that he can get the men when he wants them, yet it is purely a matter of honor, as the men were released outright. Fricke may be recalled soon. All three of the above twirlers have done excellent work in the Cotton States league. Otto Mullen, sold recently to Greenville, Miss., by Hopkinsville, has been purchased by Henderson and joins the team at once. He is a fielder and crack batsman, and is also developing into a pitcher, and recently finished out four innings of a game for Greenville.

The following was the receipts for the morning and afternoon games of July Fourth in Vincennes, Cairo and Paducah:

Vincennes,	\$319.40
Cairo,	243.25
Paducah,	119.00
Total,	\$701.65

Under the constitution the receipts for holiday games are pooled and prorated among the six clubs. Under this arrangement each club was forwarded a check yesterday for \$116.94. —Cairo Bulletin.

Buck Freeman's whereabouts are a mystery. It is stated he has been released by Nashville but he has not re-

turned to Paducah to resume pitching in the Kitty league.

The ten days have been up since Tuesday and yesterday President Jackson drew on the Nashville manager for the amount of Freeman's sale, taking it for granted that the Nashville team would not hold him over ten days if it did not intend to retain him as a pitcher.

Umpire Popp has already begun to cause dissatisfaction to the losing teams. The umpire always does. When a team can't win it seems to think the umpire should kindly give 'em the game.

Ben Boyd says he will never roast the white ball players again. "We who know now what he's got in his head," said Ben today.

Vincennes has released Pitcher Todd because his shoulder was sore. Henderson has signed Lyons, a Louisville first baseman.

Otis Miller, a hitter from the Cotton States league, has been signed to play with Henderson.

Crotty, of Cairo, is said to have an offer from the Boston Americans. The average for fielding and batting of every Kitty league player from May 11 to June 11, will shortly be published by the secretary of the league. Players who have participated in less than five games will not be published.

FIRE! FIRE! FIRE! BUGGIES.

BASE GAME TOMORROW.

The L. A. L. team will tackle the strong Dawson Springs team at the league park Sunday afternoon. The Dawson team is made up of the pick of players from Earlinton, Princeton and Dawson, among whom is Wallace, a crack short stop that President Sam Jackson has had his eyes on for some time. The L. A. L. will present their regular line up.

HAD GAME WON

PADUCAH CHAMPIONS THEN
LOST ON ERRORS.

Ben Boyd's colored team dropped another game to the Chattanooga "ginats" yesterday afternoon by a score of 5 to 4, although it had the game won up to the sixth inning. George Hend, the Paducah first baseman, had the distinction of losing the game for the home club. The score was 3 to 1 in favor of Paducah, with every body working like trojans, when Hend made an error or two at first and let the visitors run in four scores. No other runs were made during the game. The last of the series will be played today.

The Week In Society.

A HOLIDAY FELLOW.

I.
Wish I was a daisy!
Holiday I'd keep;
Summer winds to fan me,
Rockin' me to sleep!

II.
Out there in the meadow
Life would roll along
Sweeter than a dream is,
Rippled with a song!

III.
Life of toil and trouble
Never made for me—
Want a river's freedom,
Singin' to the sea!

SUMMER GAYETIES.

Paducah society, dull for so long, has now gotten into the spirit of summer entertaining and dances at Wallace Park are becoming quite popular. One was given the past week by the Misses Sowell and Mr. Horace Sowell in honor of their charming guest, Miss Mabel Key, of Corsicana, Texas, and another will be given next week by Dr. and Mrs. J. R. Coleman, and the Misses Coleman, in honor of Miss Katherine Hughes and Louise Graham, attractive young women of Louisville, who will arrive Monday. Other visitors, promise to make Paducah gay for the balance of the summer. The summer theater attracts large crowds each evening, and many parties adopt this as a means of entertainment for the warm summer evenings.

FEW AT SUMMER RESORTS.

Visits to the World's Fair has cut down considerably the number of Paducah people who usually go to nearby watering places. Several, however, left the past week for adjacent health resorts. Mrs. Virginia Thompson and daughter, Miss Ada Thompson, Mrs. Laura Judge, Mrs. Joe Yeiser, and Mrs. J. C. Flannery, Mrs. Frank Boyd went to Dawson. Mrs. C. E. Whitesides to Germantown, and Mrs. George Powell and family to Hot Springs, Ark. Miss Ellen Oastlin, of Evansville, Ind., will leave next week for Cerebus.

WEST KENTUCKIANS AT FAIR.

The following Paducahans and West Kentuckians were registered the past week at the Kentucky building at the World's Fair: J. G. Wheeler, E. E. Jett, M. Hong, F. Hong, F. Postel, Paducah; M. P. Hicks, M. D. Baskett, M. E. Baskett, S. H. Baskett, E. A. Baskett, Henderson; Miss A. D. Sniblett, Wickliffe; J. D. Hughes, Mrs. M. E. Diddle, Columbus; Mr. and Mrs. A. H. Thompson, Mr. and Mrs. A. H. Owsenfield, Owensboro; J. S. Sinking, C. O. Harris, J. T. Sinking, J. H. Sinking and H. V. Sinking, Morgantown.

ENTERTAINMENTS.

NO APPOINTMENT

MR. W. C. MALONE, OF PADUCAH, ONE OF THE APPLICANTS FOR INSPECTOR'S JOB.

Since the death of Colonel W. C. Nelson, secretary of the Kentucky and Tennessee board of interviewers, the head office has been thrown into a state of confusion, and President C. B. Rogers is at present in charge of the office attempting to keep things out of a tangle, until the new man, Mr. Claude Snyder, of Memphis, takes charge August 1.

Commissioner C. C. Rose, of the city, stated this morning that he does not expect the appointment of a successor to Mr. Barrett, until affairs in the main office are straightened and matters are moving with more ease.

Among the applicants for the position of electrical inspector to succeed Inspector Barrett is the name of Mr. W. C. Malone, of the city, who manages the Kentucky stage, and is one of the most popular, capable and experienced men in the city.

IN THREE WEEKS

COUNTY BONDS ARE EXPECTED FOR SIGNATURE.

The \$100,000 county bonds shortly to be refunded, are being lithographed in New York and will be here for signature by the end of the month, it is thought.

Justice Barber, chairman of the committee appointed by the fiscal board to refund the bonds, stated today that the bonds would not carry the name of the county clerk printed, but he intended to have each and every bond refunded signed personally by the county clerk. Justice Barber expects the bonds here for signature within the next three weeks.

County.

DAILY THOUGHT.

Let a man so culture his love that it grows in depth and power, and, being ever steadily set upon the highest, it shall transcend his life with a rare glory, and clothe it with garments of exquisite and arresting fascination.—Selected.

THE WEATHER.

Showers tonight and in eastern portion Sunday.

Poor Judge Parker! In addition to being the candidate of Cleveland, Hill and others of that element of the party, he is now charged with being the candidate of the Standard Oil Company. One of his chief lieutenants, Senator McCarren, of Brooklyn, is charged with having been on the pay roll of "the octopus" for years. Thomas W. Lawson, of Boston, says: "The principal agent in accomplishing this was Boss McCarren, of Brooklyn, who, the public does not know, has been for years on the Standard Oil pay roll, first at \$10,000 per year, then \$15,000, and since Tammany's success in the last election, at \$20,000. McCarren so effectively put Tammany to sleep by splitting its ranks in factional fights as to nullify its power at St. Louis."

Judge Riley, of Lexington, is an original man. He has a new cure for the whiskey habit which promises to rival the Keesley Institute. A Lexington paper thus describes it: "The remedy consists of fish brine dissolved in a pint of water, which the drunkard is made to drink. The remedy was applied to a well known man by Judge Riley this morning, and rather than have to submit to such treatment again he stated to the court that he had been before the bar for the last time. For twenty minutes after drinking the beverage the man was so sick that the smell of liquor, he said, was enough to drive him crazy. A prisoner is given his choice of this drink cure or thirty days on the rock pile."

Forty-eight of the eighty-seven indictments returned this week at Mayfield by the grand jury were for selling whiskey—selling whiskey contrary to law, and selling mean whiskey at that. And Mayfield is one of those "lone option" towns—one of those places where whiskey has been voted out!

The public is weary of the dilatory methods of city officials, and will gladly welcome the opportunity in November to change half of both boards. Four new aldermen and six councilmen are to be elected in November, and they will all be new men, too.

It is foolish for city officials to claim that public work is "all right" when people can stand around on the corners and see with their own eyes that it is mostly all wrong.

One of the easiest ways for the republicans to defeat Judge Parker is to show who his principal friends are, and the cause of their espousal of his candidacy.

The concrete under the new brick streets may be all right, but if so, it is up to the city officials to demonstrate what it is that is all wrong.

FIRST CASE

Under the New Livestockman's Bill.

Man Charged With Making a False Statement in Police Court.

Ed Hayes was arraigned in police court this morning for making a false statement in hiring a horse and buggy from James Glauber, the liveryman.

This is the first defendant to be arraigned in this court since the law was passed by the last legislature and was continued until Monday. Hayes is alleged to have hired the animal for about an eight mile drive, but instead went about 30 and brought the horse back in bad condition and refused to pay the damages. Mr. Glauber then took out the warrant.

John Haffey, white, and Rice Taylor, colored, were fined \$1 and costs each for being drunk. Haffey was found lying helpless in the rain, half drowned yesterday afternoon.

The breach of the peace case against Enoch Harlan, colored, was continued. Jim Doolin, John McKinney and Fred Pryor, white, were fined \$5, the costs to be divided, for swimming off the dry docks.

The case against Ida Davis, colored, for setting up a game was continued. Charles Johnson, an employee at Hessig's distillery, was fined \$5 and costs, and Dr. Hessig \$1 and costs, for a breach of the peace.

RAINS DAMAGED
THE COUNTY ROADSYesterday's Down Pour Flooded
Creeks and Lowlands.

Nearly All the Road Repairing Has
Now Been Completed in Mc-
Cracken County.

NEW BRIDGE NEARLY FINISHED

County Road Supervisor Bert Johnson states that there remains about \$5000 or \$6000 of the county road fund to spend this year.

Most of the repair work has been completed, but there are now roads to be built, and all the money will be well spent. The work would have been finished before now had it not been for a few of the heavier rains, which did considerable damage in places.

Yesterday's rain is supposed to have also entailed more or less loss to the county.

Supervisor Johnson was out in the Woodville section yesterday afternoon after one of the heavy showers, and states that in one of his road camps the water ran two feet deep, while all the creeks were out of their banks and in some places flowing over the roads. It will probably be a day or two, however, before the full damage is ascertained. This summer the damage from rain has already been several hundred dollars.

The new steel bridge over Clark's River near Bond Station will be completed Wednesday next. It has been under course of construction since last November, a Nashville firm having the contract, and has been delayed by high water, failure of material to arrive, and many other things.

It is one of the best bridges in the county, and cost about \$3000. The finishing touches are being put on it now, and it will be ready for use Wednesday, at the latest.

AN EXPLANATION.

Mr. James Glauber, the well known liveryman, says in justice to himself he desires a statement given of his side of the case in which a sign writer was warranted for disgracing his property. Mr. Glauber says that the sign writer came to his place of business and asked to be allowed to paint a figure of a horse on his stable, with a line under it advertising a line of horse remedies, and he stated that he would paint any kind of horse. Mr. Glauber designated. Mr. Glauber said he would not do it until next day, however, and told him to call to see him again after the next night and he would decide what he would do. The next day he went to La Center. He says when he returned he found painted on his stable the trade mark of the company making the remedies advertised, which is a horse. Mr. Glauber states that this was done without his permission, hence the warrant.

SUIT TO RECOVER MONEY.

O. B. Compton has filed a suit against Arthur A. Peck for \$905 money alleged to be due from debts paid by the plaintiff which should have been settled by the defendant. The two were in the steamboat business together and dissolved partnership.

Mrs. T. H. Puryear will return next week from a visit to Durham, N. C. Miss Helen Holmes, of Boynton, Va., will accompany her for a visit.

Another Story to Be Added to the
Garfield School—Teachers
Elected.

BOARD MET LAST NIGHT

The Board of Education met last night in adjourned session with Trustees Coleman, May, Cole, Greif, Jones, Robinson and Morrison present.

The board decided to add another story to the Garfield colored school near Ninth and Boyd, which now has four rooms. The demand for more accommodations has become so great that the board will spend about \$1600 to increase the facilities.

Prof. Albert Rouse was elected principal of the Langstaff building at a salary of \$65. Miss Sue Atchison, who has been principal, will be assigned to other work.

Other teachers were elected as follows:

Miss Virginia Johnson, Miss Catherine Thomas and Miss Lucy Moore, of this city, and Misses Elizabeth Umston, of Cynthiana, and Ida Bebout of Sheridan, Ky. All are new teachers except Miss Thomas, who has been a substitute. Miss Bebout is a sister of Messrs. John and Louis Bebout, the insurance men. The white substitutes elected were Misses Mary Brazelton and Aubrey Taylor.

The colored teachers chosen were Rena Tanner, Minnie Lewis, Mrs. M. V. Pearson, Maggie Merchant and Callie Emory.

The matter of putting up fire escapes on the Washington High School building was discussed, a Louisville concern offering to furnish the material and do the work for \$875. A motion to order it was defeated by a vote of 4 to 3, but it was then decided to authorize President Coleman to sign a contract should any of the members subsequently decide to change the vote and give the necessary majority.

A committee composed of Trustees Morrison, Cole and Greif was appointed to look about for a suitable location for a new school, and one composed of Trustees Hefner, Greif and Cole was appointed to seek a location in Mechanicsburg.

MAYFIELD MAN INTERESTED.

A new insurance company with a capital stock of \$100,000 has been organized at Louisville and called the Citizens' Life Insurance company. The main office will be in Louisville and business begins October 1. The following officers are: O. B. Norton, president; W. H. Gregory, first vice president and general manager; L. T. Davidson, second vice president; C. B. Nordeman, secretary; L. W. Key, of Mayfield, treasurer; Helm Hines, general counsel; Dr. H. K. Tuley, medical director, and Miles M. Dawson, consulting actuary.

ing inflammation and catarrh. I have now been well for six months, and I give all the credit to Peruna."—Mrs. Leone Dolchan.

Peruna will be found to effect an immediate and lasting cure in all cases of catarrhal and stomach troubles, and beneficially on the diseased mucous membranes, and with healthy mucous membranes the catarrh can no longer exist.

Miss Louise Matt, 1280 Van Buren St., Chicago, Ill., writes: "Peruna is a most wonderful medicine for catarrhal and stomach troubles. I suffered so long with indigestion and dyspepsia, and tried many things to cure me, without relief. I finally bought a bottle of Peruna and in just six weeks I was entirely rid of my stomach trouble."—Louise Matt.

Mrs. Leone Dolchan, in a letter from the Commercial Hotel, Minneapolis, Minn., writes: "I was completely used up last fall, my appetite had failed and I felt weak and tired all the time. I took Peruna for five weeks, and am glad to say that I am completely restored to health."—Anna Prescott.

Mrs. Leone Dolchan, in a letter from the Commercial Hotel, Minneapolis, Minn., writes: "I was two months in my physician's hospital, treated with medicine, and in just six weeks I was entirely rid of my stomach trouble."—Louise Matt.

PIPES BROKEN BY THE STREET ROLLER

Hundreds of Dollars Worth Crushed to Pieces.

The Heavy Machine in Passing Over Drainage Breaks the Pipes.

COMPLETE DAMAGE NOT KNOWN

The city has lost no little money since the street roller was recently put into commission by the breaking of drain pipes. It is estimated that hundreds of feet of the pipes have been demolished, necessitating the tearing up of the streets to remove the pieces and put down new pipes.

A few years ago the city decided to do away with the wooden culverts which crossed nearly every street, and several thousand dollars was spent in taking up the wooden crossings, which had to be renewed every year or two, and substituting terra cotta drain pipes of the surface water.

It was thought that the investment was a good one, as it greatly improved the looks of the streets, the only objection being that in some places the pipes were inadequate to carry off the water after a rain.

The street roller was not being used at that time, and not until recently was it operated to any extent. For the past several weeks, however, the roller has been in almost constant use, and has smashed the drain pipes right and left on every street it has been run.

The first known of the damage being wrought was when the water from heavy rains began to accumulate and overflow streets and gutters. It was learned by digging down to the pipes that they were crushed. They were smashed so badly that many of them crumbled into small fragments and had to be shored out.

The damage has been more than might be supposed, for not only do new pipes have to be put down, but the streets just rolled and made firm and solid, have to be torn up again.

Yesterday after the heavy rain some of the broken pipes caused water to back up into residence yards half a foot deep. It is not known what the damage has amounted to, expressed in dollars, but it will probably amount to hundreds of dollars, including the cost of labor in replacing the pipes.

After the roller now finishes on a street where these drain pipes have been laid, a force of men follows up to dig up the broken pipes and put down new ones.

IN FOOD

WHAT A CLERGYMAN'S WIFE FOUND.

The wife of a Minnesota clergyman found the solution of her troubles in a simple change of food of which she says:

"My case proves that proper food will cure almost any ail. For years I suffered from dyspepsia which became chronic and was treated by some of the most skillful physicians but was not cured.

"Medicine would help for a time but the old troubles would always return because the cause was still there, and kept me weak and sickly most of the time. I had the grip every year for five years, always suffered from colds and my whole condition showed that I did not get the proper nourishment from the food.

"When I began eating Grape Nuts according to directions I may say that since that time my stomach has not troubled me at all but a remarkable change took place. All through the long, cold winter I ate nothing but a savor of Grape Nuts and cream in the morning and no matter how severe the cold I did not suffer and I did not have the grip or even a cold. Grape Nuts food certainly nourished me until I have a strong constitution, feel like a new person, indeed never was healthier in my life." Name given by Postum Co., Battle Creek, Mich.

A WATER SPOUT.

The rainfall in Paducah during the past 24 hours has been two and a half inches, quite a remarkable record for the length of time. There were several showers at different times, perhaps the heaviest coming during the night.

MORE CHAINGANG SUITS.

Pinckney Childers fined \$10 and costs, and Wm. Murphy, given thirty days for stealing a bottle of whiskey, today filed suit against the city through Attorney J. M. Werten for \$10,000 damages.

Are You a Lychneblite? A day worker met some morning newspaper men, all of them being slightly "under the influence." In the conversation that ensued the day man said: "You lychneblites ought to go way back and sit down."

The objects of the epithet were much offended at its application to them, but were mollified when they found that the dictionary defines "lychneblite" as "one who works at night and sleeps by day."

This reminds one of the story of Daniel O'Connell, who vanquished a Billingsgate fishwoman by calling her a right-angled hypothenuse—Typographical Journal.

A Personal Matter.

"I think I am giving general satisfaction," said the young clergyman a little doubtfully, "although Elder Wilkins has found a good deal of fault with my prayers." "You are sure to have that trouble," responded the retired pastor with a reminiscent sigh. "The older is a good man, a most worthy man. But he never can remember that he is not the party addressed to prayer."

Will Devote Life to Charity.

Having won the degree of master of arts at the New York university after a three years' course of study, Mrs. Charles H. Truax, wife of Judge Truax, will begin active work in a philanthropic society that will look after poor laborers.

Comfort Swing Chair

Made entirely of metal and fancy colored canvas. The material is light and firmly braced, finished in black enamel. Folds compactly, occupying space of only 4 1/2 x 31 inches. It set up or folded by removing only four stove bolts. Perfectly simple.

Solid Comfort

In the Comfort Chair. There's no argument necessary—it's simply a fact. Sitting or reclining. Swinging or not. Just good old Comfort. Put the chair anywhere. You don't need a great big lawn with trees or a great big anything. Any little shady corner will do. You can put the chair where the shade is and move it if the shade moves. The independent standards which are a part of the chair do it all.

Suppose you call and see it. You do not need to buy. But you probably will—other people do. Because the price is only \$3.50.

LITTLE SICKNESS

AMONG THE RAILROAD EMPLOYEES THIS SUMMER.

The past several weeks have been remarkable in railroad circles for the few accidents and small amount of illness.

This week there have been an average of about thirty sick people in the railroad hospital, counting the convalescents. There have been few accidents, hardly three a week, on an average and these have not been very serious. This is the time of year when sickness generally prevails, but so far few patients, comparatively, have been brought in off the road. The railroad doctors say this is a very unusual season in this respect.

LOUISVILLE AND CINCINNATI THROUGH TO PETOSKEY AND MACKINAC.

Sleeping cars leave Louisville 3:30 p. m. daily, and Cincinnati 7 p. m. daily, and 12:15 p. m. week days, over Pennsylvania line via Richmond and G. R. and I. railway—"The Fishing Line"—running through to Petoskey, Bay View, Ronning Brook, Westport, Harbor Springs and Mackinaw City. Season tourist tickets at special fares, also excursion tickets with return limit of 15 days. Detailed information will be given upon request in C. H. Hagerty, D. P. Agt., Louisville, Ky.

TO OLD POINT COMFORT AND THE SEASHORE, AUG. 13.

A TOUR OF EDUCATION.

The personally conducted excursion to Old Point Comfort, in charge of Mr. W. A. Wilgus, S. P. A., will be run, Saturday, August 13, via I. O. and O. and O. railroads, from Paducah on regular train, connecting with the Seashore Special, leaving Louisville from Union depot, foot of Seventh street at 5 p. m. The round trip rate to Old Point Comfort is only \$18.55 and the tickets are good until August 28.

This is the most popular outing offered the traveling public. Grand and beautiful scenery, invigorating mountain air, surf bathing, ocean voyage, palatial hotel entertainment and a visit to the capital. Stop over privileges allowed returning.

Delightful side trips at low rates. Every attention and courtesy will be extended to ladies traveling alone. Choices of routes returning, between Richmond and Clifton Forge, will be given. For further particulars and sleeping car space, address W. A. Wilgus, S. P. A., Hopkinsville, Ky., or call on J. T. Donovan, Agent I. C. Railway.

TO MOVE WEST.

BLOCK SIGNALS

BY SEPTEMBER 1ST

The Date of Their Completion
Now Announced.

Eight More Tower Stations Than Anticipated Had to Be Installed.

CREWS ARE BUSY AT WORK

It was definitely announced this morning that the block system between Paducah and Central City on the Illinois Central road would be completed by September 1, and that also all extensions to tracks and siding will be completed by that time.

The delay in completing the block system is due to the fact that eight more tower stations had to be put in than at first was thought necessary. Some places where blocks have been placed were not originally intended to be but had to be so located.

There are four new sidings to be built and seven or eight extensions to complete, before the blocks will be finished, and the construction crews are kept constantly at work on the job in order to have it ready by fall, when business will pick up in railroad circles.

TRAVEL IN COLOMBIA

DRUMMER TELLS OF SOME EXCITING ADVENTURES.

The Story of a Stolen Fleet and a Naval Battle on the Magdalena—Where the Revolutionary Spirit is Rampant.

Charles H. Millett, a drummer, who is now in New York on his way back to Chicago from a tour of South America, tells some exciting stories of his adventures in Colombia during the recent insurrection of the liberals.

"I started," he said, "to go up the river Magdalena in a small river steamer. There was only one other passenger—a quiet, amiable young man, who afterward turned out to be a liberal leader in disguise. "When we had gone two days up stream we found that trouble was brewing. Every one on the banks had taken up arms on one side or the other, and was stealing his neighbor's cattle and horses for the good of the cause. We heard that in a town just ahead the liberals had risen in obedience to a proclamation and had seized six steamers and gone up stream."

"Our skipper was an American and wanted peace, but that commodity seemed just as unlikely to be found down stream as up, so we kept on our course. The result was that at noon next day we fell into the hands of three revolutionist steamers which were ambushed round a bend of the river."

"Their crew swarmed aboard and invited us with rifles to join them. We joined, and had three days' naval maneuvers, which consisted of pillage. I am sorry I had no camera, the scenes were so interesting."

"After three days we, having the larger steamer, dodged round another branch of the river and escaped; and when we tied up for the night we thought we were safe."

"Our delight did not last long, for my amiable young fellow passenger, who had assumed command of our captors, came after us with thirty truculent bandits in canoes and retook our ship during the night."

"At my own request he kindly put me ashore at a woodpile in the lonely forest; at least it was lonely except for two elderly colored ladies, who owned the woodpile."

"The ship, with lights out, dropped down the river to join the rest of the fleet, having left me rations for a couple of days—a pound of lobster, two sardines, a pound of bread and a half a pound of chocolate."

"After they had gone an Indian sneaked out of the bush, and I managed to bribe him to put me across the river to a village where many canoes were kept. There I hired two, loaded my traps into them, and, with five men, led all that night in a pouring rain and all the next day under a blazing sky to Puerto Henlo, the nearest place where food was obtainable."

"The officer in command of the government troops there, when he heard my tale, fitted out an expedition, converting some river steamers into armed cruisers by the use of railway metals for armor plates. With these he went down the river to meet the enemy, who by that time had gathered eleven steamers."

"Those eleven were not enough. There was a regular Trafalgar, and the revolutionists had the worst of it. "All their boats were sunk or captured, and they lost over 250 men. My amiable fellow passenger got a bullet through his brain, and our skipper, who took no part in the affair, got two through his arm as he was quietly reading 'Under Two Flags,' which I had lent him, in his cabin."—New York Sun.

THE CLOCK DOOMED

Ancient Time Keeper May Give
Away to Improvement.

Important Changes Proposed by a
Connecticut Man.

New Haven, Conn., July 8.—With all the modern products of the twentieth century clockmakers before the world, and clocks and watches no longer a luxury, it seems somewhat surprising as well as audacious for anyone to declare that he will pronounce all clocks "back numbers" and revolutionize all systems of recording the hours, minutes and seconds as they go flitting past.

Yet a man from Connecticut, the home of the clockmakers and the land of clocks, has the propensity to make such an announcement. He is not a clockmaker, but just a plain Yankee genius.

Samuel Powers Thrasher of New Haven, Conn., has an invention that bids fair to make Yankee clock makers green with envy. In short, Mr. Thrasher proposes to tell time in figures, the same as we read on the time tables of every road in the country. No longer would he have us say it is "quarter of three," or "half past two," but as we look at his invention he proposes and insists that we must say 2:45 or 2:30. In the twentieth century bustle and haste this proposal seems likely to meet with more than mere approval. Mr. Thrasher proposes to reconstruct the familiar face with which Father Time has been wont to remind us of the passing hours, and so away entirely with the quaint old dial with Roman numerals in use from the middle ages and likewise take away the old clock's hands. Instead of pointing the way and letting us figure out the time for ourselves, Mr. Thrasher's new timepieces will tell us in plain figures at a glance just what time it is. It will be no more trouble to tell the hour, the minute and the second than to read the A. B. C.'s or see at a glance in the time tables the hour and the minute.

Anyone with eyes and the ability to use them, can tell time, and a mere comparison with a time table and a knowledge of figures and the ability to read them will be the only essential to know the precise moment when a train is supposed to arrive or depart or any event is to take place.

Three sets of figures, one each for the hours, the tens and the units of minutes revolving on separate rolls with measured accuracy, and appearing in a given space at the proper time, give us the hours and minutes on this wonderful new clock.

A pointer constantly traveling in a half graduated circle tells the exact seconds. The pointer and the rolls interlock and the whole is impelled by a device which is simpler than the simplest clock mechanism ever made.

CROUP

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Lintiment externally to the throat. 25c, 50c, \$1. MARRIED AGAIN

AND THE WILL OF JAMES HERN IS OF NO VALUE.

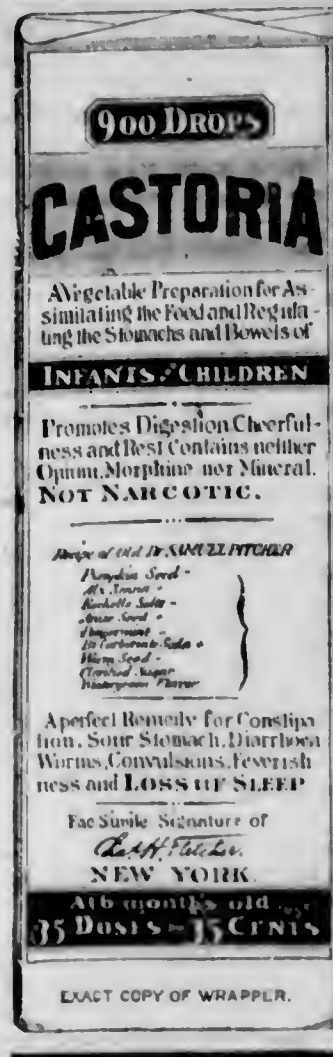

The will of James Hern, the Hopkinsville man killed by his son, Mack Hern, of Paducah, a few days ago, was filed yesterday for probate at Hopkinsville, but turned out to be of no value, as since it was made, March 23, 1903, he married again, and his wife is entitled to half of the estate. He left his property to his children, including the son who shot and killed him, a son, Haden, and daughter, Mante, to get two-thirds and the other third to go to another daughter, two sons and a grand daughter.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion,
Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner's Sure Cure.

PADUCAH, KY., March 5, 1903.
To Whom It May Concern:

This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

Mrs. JOSEPH SMITH, 306 S. Third St.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I took such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy. I am in constant.

Mrs. MARGARET, MURPHY, KY.

If after using one bottle according to directions you are not benefited, your money will be refunded.

The Blazed Trail

By STEWART EDWARD WHITE

Copyright, 1902, by Stewart Edward White

"That's her," said the captain. Two hours later the steamboat slid between the yellow waters of two outlying reefs and with slackened speed moved slowly toward the wharf of log cribs filled with stone.

Thorpe knew very well that the structure had been erected by and belonged to Morrison & Daly, but the young man had had the foresight to purchase the land lying on the deep water side of the bay. He therefore anticipated no trouble in unloading, for while Morrison & Daly owned the pier itself, the land on which it abutted belonged to him.

From the arms of the bay he could make out a dozen figures standing near the end of the wharf. When, with a peller reversed, the Pole Star bore slowly down toward her moorings, Thorpe recognized Lyle at the head of right or ten workmen. It looked suspicious.

"Watch this line!" sang out the mate, hurrying the coil of a hand line up the wharf.

No one moved, and the little rope aft or a moment still overboard with a splash.

The captain, with a curse, signalled, full speed astern.

"Captain Morse," cried Lyle, stopping forward, "my orders are that you are to land here nothing but M. & D. merchandise."

"I have a right to land," answered Thorpe. "The stone belongs to me."

"This dock doesn't," retorted the other sharply, "and you can't get foot on her."

"You have no legal claims. You had no business building in the first place," began Thorpe, and then stopped with a choke of anger at the facility of arguing legality in such a case.

The men had gathered interestedly in the waist of the ship, cool, impartial, severely critical. The vessel leaving her bow in toward the dock, Thorpe ran swiftly forward and during the instant of ridding contact leaped.

He alighted squarely upon his feet. Without an instant's hesitation he rushed on Lyle and with one full, clean blow stretched him stiff on the dock. For a moment there was a pause of astonishment. Then the workmen closed upon him.

During that instant Thorpe had become possessed of a weapon. It came hurrying through the air from above to fall at his feet. Shearer, with the cool calculation of the pioneer, had seen that it would be impossible to follow his chief and so had done the next best thing, thrown him a heavy iron baby-sitting job.

Thorpe hit with all his strength and quickness. He was conscious once of being on the point of defeat. Then he had cleared a little space for himself. Then the men were on him again more savagely than ever. One fellow even succeeded in hitting him a glancing blow on the shoulder.

Then came a sudden crash. Thorpe was nearly thrown from his feet. The next instant a score of yelling men leaped behind him and all around him. There ensued a moment's scuffle, the sound of dull blows, and the dock was clear of all but Lyle and three others who were, like himself, unconscious.

The captain, yielding to the excitement, and ran his prow plump against the wharf.

Some of the crew received the mooring lines. All was ready for disembarkation.

Tryan Moloney, a strapping Irish-American of the big boned, red checked type, threw some water over the four stunned combatants. Slowly they came to life. They were promptly yanked to their feet by the brute river men, who commenced at once to shake sundry vigorous kicks and shakings by way of punishment. Thorpe interposed.

"Quit it," he commanded. "Let them go."

The men grumbled. One or two were inclined to be openly rebellious.

"If I hear another peep out of you," said Thorpe in these latter, "you can climb right aboard and take the return trip." He looked then in the eyes of the men who were now silent and went on: "Now, we've got to get unloaded and our goods ashore before these fellows report to camp. Get right moving and hustle!"

So Lyle and his men picked themselves out of the trouble suddenly and departed. The ex-convict had nothing to say as long as he was within reach, but when he had gained the shore he turned.

"You won't think this is so funny when you get in the law courts," he shouted.

Thorpe made no reply.

With thirty men at the job it does not take a great while to make a small cargo thirty or forty feet. By 3 o'clock the Pole Star was ready to continue her journey. Thorpe climbed aboard, leaving Shearer in charge.

"Keep the men at it, Tim," said he, "but up the walls of the warehouse good and strong and move the stuff in. If you get through before I return you might take a scout up the river and fix on a camp site. I'll bring back the lumber for roofs, floors and trimmings with me and will try to pick up a few axmen for swamping. Those fellows won't bother us any more for the pres-

ent, I think. But if pays to be on deck, so long."

When Thorpe returned to the bay he found the warehouse complete. Shearer and Andrews, the surveyor, were scuttling up the river.

"No trouble from above, boys?" asked Thorpe.

"Nary trouble," they replied. "The warehouse was secured by padlocks, the wagon loaded with the tent and the necessary of life and work. Early in the morning the procession—laughing, joking, sky-larking—took its way up the river trail. Late that evening, tired, but still inclined to mischief, they came to the first dam, where Shearer and Andrews met them."

"How do you like it, Tim?" asked Thorpe that evening.

"Shut it right," replied the river man, with emphasis, which for him was putting it strongly.

At noon the following day the party arrived at the second dam. Here Shearer had decided to build the permanent camp. Lyle and Thorpe were constructing one of his endless series of birch bark canoes. Later he would build the whole string to Marquette, where he would sell them to a hard-ware dealer for \$2.50 apiece.

Lyle and Thorpe looked up and grinned as Thorpe approached.

"How are you, Charles?" greeted Thorpe politely.

"You gettin' pine? Good?" replied Charles in the same tone.

CHAPTER XVII.

TWO months passed away. Winter set in. The camp was built and inhabited. Routine had established itself, and all was going well.

The first move of the M. & D. company had been one of concealment. Thorpe was approached by the walking beam of the camps up river. The man did not pretend any hyperscritical friend-ship for the younger man. His proposition was entirely one of mutual advantage. The company had gone to considerable expense in constructing the pier of stone cribs. It would be impossible for the steamer to land at any other point. Thorpe had unlimited possession of the shore, but the company could as independently remove the dock. Let it stay where it was. Both companies could then use it for their mutual convenience. To this Thorpe agreed.

The actual logging was opening up well. Both Shearer and Thorpe agreed that it would not be too ambitious the first year. They set about clearing their banking ground about half a mile below the first dam, and during the six weeks before snowfall cut three short roads of half a mile each. Approximately 2,000,000 feet would be put in from these roads, which could be extended in years to come, while another million could be traversed directly to the landing from its immediate vicinity.

"Next year," said Tim, "we'll get in 2,000,000. That railroad'll get along a ways by then, and men'll be more plenty."

Through the lengthening evenings they sat crunched on wooden boxes either side of the stove, conversing rarely, gazing at one spot with a steady persistency which was only an outward indication of the persistency with which their minds held to the work in hand. Tim, the older at the business, showed this trait more strongly than Thorpe. The old man thought of nothing but logging. Nothing was too small to escape his deliberate scrutiny. Nothing was so perfect a state that it did not bear one more inspection. He played the logging as a chess player his game.

A "John Ruskin Club" has been formed in Vienna, Austria, for the purpose of studying English literature.

"Quit it," he commanded. "Let them go."

The men grumbled. One or two were inclined to be openly rebellious.

He looked then in the eyes of the men who were now silent and went on: "Now, we've got to get unloaded and our goods ashore before these fellows report to camp. Get right moving and hustle!"

So Lyle and his men picked themselves out of the trouble suddenly and departed. The ex-convict had nothing to say as long as he was within reach, but when he had gained the shore he turned.

A Musical Triumph.

[Recent reports from somewhere in New England state that caterpillars have been killed by the playing of a brass band. People who have heard brass bands of the village variety will have little difficulty in crediting the reports.]

"Music has charms to soothe the savage breast." At least we have often heard it said.

And yet for soothing savages out west we always had a preference for lead. We had a notion, it must be confessed, a savage in most nothing when he's mad.

Which came is why we never tried to fit him With harmony, but figured how to kill him.

Yet this does not disprove the adage, for if we had tried on him a modern chorus we might have saved the shedding of his gore.

And changed to wholesome dread the hate he bore us. He would have found our music worse than war.

And to escape he would have fled before us. By taking thus an open alley We might have had the country for a song.

"Music has charms." 'Tis wonderful the way That it has held o'er warriors, hards and mags.

Across the past we hear it far away. Its sweet strains wafted down from distant ages.

Yet it has shown a greater power today Than has been chronicled in history's pages.

The erstwhile charmer now becomes a killer. And knocks the tar out of the caterpillar.

The forest wailed when Orpheus played his lute. The devils, charmed, forgot their devil-hood.

When Pan upon his pipes began to toot. They felt a panic through the fearsome wood.

Such skill had the Pied Piper with his flute. That even rats the music understood.

Our players show a magic still more feeling. The worms succumb unto its spell bewitching.

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed child-birth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was so often from 24 to 36 hours. After using Mother's Friend, my seventh was born in 4 hours."

INAUGURAL PUBLIC SALE OF TOWN LOTS AND MANUFACTURING SITES

The Future Great Inland City of the Southwest,
Nortonville, at the Junction of the I. C. and L. & N. Railroads

Surrounded On All Sides by Important Cities and Towns, Namely:
Evansville, Ind.; Nashville, Tenn.; Paducah, Owensboro, Henderson, Hopkinsville, Princeton, Russellville, Central City, Morganfield, Hodgenville, Eddyville, Fulton, Providence, Madisonville, Elkton, Smith Grove and many others.

A POINT AT WHICH OVER 80 TRAINS PASS DAILY.
A Town Site Possessing More Attractive, Original Features Than Any Inland City in America
Had at Its Inception.

To OCCUR ON WEDNESDAY AND THURSDAY, JULY 20 AND 21, 1904.
Nortonville is the Center of the Great Mining Interests of Western Kentucky.

The Nortonville Coal Co., having recently become possessed of the town site and 2,000 acres surrounding it, and having expended large sums of money in sinking shafts and opening magnificent coal mines surrounding the site, which are producing wonderful results, employing over 300 artisans and miners, the families of which form a population of 1,000 people, have determined to offer to the public an opportunity to become original participants in the inauguration of what it believes is destined to be, and which, by reason of its location and natural advantages, must, at an early day, be a very important inland city.

SOME OF THE ADVANTAGES OF NORTONVILLE.
Nortonville is the center of a fine agricultural section and sufficiently distant from Hannibal, Paducah, Evansville, Ind., Nashville, Tenn., and twenty other surrounding towns and cities above mentioned, all within a radius of twenty to fifty miles, to make it a distributing point for them and the adjacent country. The town site is a beautiful level valley, widening out to undulating hills, rich in coal and offering every inducement for the investor and the homeseeker. The water supply is abundant, the climate and all other conditions are such as to justify the prophecy that with a little energy and enterprise on the part of its own people it will soon be one of the best inland towns in the State of Kentucky.

THE NORTONVILLE COAL CO.
has demonstrated its faith in the merits and future prospects of this property by expending a half-million of dollars in opening mines, building houses, improving the social and moral conditions and starting the various enterprises which are necessary for the well-being of the present population. With magnificent R. R. facilities and cheap fuel, the nucleus of a thriving town is already formed.

Inviting the co-operation of the world at large in their enterprise, the company will, on July 20 and 21, offer for sale lots and tracts in accordance with a map, which will be ready for distribution July 1. Cheap accommodations for all who attend the sale will be provided, and the company will give a GRAND BARBECUE on the first day of the sale (July 20), to which all who attend the sale will be invited.

An effort will be made to secure reduced rates to parties attending the sale. The terms of the sale will be exceedingly liberal.

CARS MAY RUN

If the Company and Contractor Reach Any Agreement.

Board of Public Works Slick of the Terrell Street Contract.

A member of the Board of Public Works stated this morning that the city would have nothing to do with opening Fourth street before the paving is complete.

"It is a matter," he declared "that is left to the street car company and the contractor. If the company indemnifies the contractor for any damages that may arise from running the cars before the paving is completed between the tracks, it will be the contractor's risk if he allows the cars to run. So far as the city is concerned, we can do nothing until the street is complete and offered to us."

"This board doesn't want anything to do with this Terrell contract, anyhow."

Soon after we began as members of the board of public works we were told that the contractor didn't regard us as having any authority in the contract, as it was let by the general council, and while we don't consider the contractor's opinion or that of his attorney as amounting to anything, we would be very glad to escape the responsibility for this job, for it has been a muddle all the way through, and is going to wind up in a lawsuit. We have nothing to do with opening the street until it is complete in every detail."

INDIGESTION.

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle.

NO ASSISTANT

ILLINOIS CENTRAL CUTS OFF TRAINMASTER'S ASSISTANT AT FULTON.

The I. C. is still curtailing expenses, the latest steps taken towards decreasing the expenditures being the abolition of the office of assistant trainmaster of the Fulton district of the I. C.

Today circulars from Superintendent J. J. Gaven's office signed by that official and confirmed by H. McCourt, assistant general manager of southern lines, were posted in local trainmen quarters announcing this action.

The office has been held by Mr. G. B. James who was put on a short time ago. The office was established last winter during the rush of business when an assistant was absolutely needed. Mr. James becomes trainmaster of the Louisville district, between Louisville and Central City.

MAY SUSPEND

THE CHILDREN'S HOME SOCIETY IN HARD LINES.

It is possible that the Children's Home Society of Kentucky, which has been doing a good work in finding homes for needy children, and has its receipts for contributions in every city in the state, may have to suspend. The legislature appropriated \$15,000 for it in the last session but the attorney general of the state has decided that the appropriation was unconstitutional, which deprives the institution of necessary funds. It is now announced that unless financial aid comes within thirty days the society will have to quit business.

Mr. George L. Sebon, the superintendent, is well known in Paducah.

CLOTH HOSE

WILL BE AGAIN PURCHASED BY THE CITY.

The joint fire committee of the general council last night ordered \$15,000 feet of new fire hose for stations No. 3 and 4 and from indications the city will buy cloth hose, similar to that purchased after much wrangling two years ago.

The cloth hose has proven the most satisfactory, the city has ever had, according to local firemen, who say that but one or two sections have become useless, and these were run over by the street cars.

THE EAGLES

LOCAL EERIE TO BE INSTALLED POSSIBLY NEXT WEEK.

Mr. Arthur Van who is organizing a lodge of Eagles here, has secured about 75 names on the charter membership list and will shortly have the lodge installed.

Mr. Van yesterday notified the state deputy in Louisville that he had about closed the membership list and asked him to come as early as possible to Paducah to install. It is not known when the officer will arrive but Mr. Van hopes to have the lodge officially installed next week.

The Eagles are known everywhere. There are many lodges in this state and a flourishing one at Cairo, but Paducah it seems, has but few members and these were persons who joined in the west, where the lodge is one of the most popular represented there.
